GREATWOOD

Hi,

*If you can't make group classes or would prefer a more intimate Antenatal Sessions where you can cover your own personal agenda, then a one to one would be the perfect solutions to support you on your journey to meeting your beautiful baby*

*One to One sessions mean you have my exclusive attention and can therefore ensure that the sessions are totally designed to meet the needs of you and your family at a time and place to suit you .*

*The beauty of a One to One is you can choose to be introduced to other parents on a similar journey and share your experiences with others , socially after the baby is born or you can choose just to do the course and be exclusive*

*One to one courses are arranged directly with me. So, please call ( 07884 428567) or email me at [julie.greatwood@gmail.com](mailto:julie.greatwood@gmail.com) to discuss your requirements*

*Julie*
